

# ONLY BONES

– DANIEL NODDER

## A BIT ABOUT THE ONLY BONES PROJECT

'Only Bones – Daniel Nodder' is the eleventh iteration of a series of solo shows grouped together under the *Only Bones Project*, created by world-renowned circus and physical performer, Thom Monckton. Each version must adhere to a simple set of rules: no text, no set, no props, no narrative, only one light and within one metre squared - the ultimate challenge for a skilled physical performer.

This version of Only Bones has been created by a group of friends and theatre practitioners who met at Te Herenga Waka / Victoria University of Wellington. Our kaupapa revolves around the creation of joyful work through play, design and movement.
